**DETAILED ACTION**

***Information Disclosure Statement***

1. The information disclosure statement (IDS) submitted on 8/4/2009 was filed after the mailing date of the Notice of Allowance on 10/11/2009. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

***Allowable Subject Matter***

2. Claims 2,4,5,6,7, and 8 are allowed.

**3. The following is an examiner's statement of reasons for allowance:**

The best prior art of record, taken alone or in combination thereof, fails to teach:

**Claim 1:** a logic OR circuit which performs a logic OR operation of the first output signal of the first comparator and the second output signal of the second comparator; and a reset circuit for receiving an output signal of the logic OR circuit, and for halting operation of a system including the semiconductor device when the output signal of the OR circuit is activated; wherein the first comparator is for outputting a first output signal indicating the comparison result when a predetermined voltage difference exists between the inputted reference voltage and the inputted output of the other end of the capacitance element with the combination of the other elements of the claim.

**Claim 7:** a logic OR circuit for performing a logic OR operation of the first output signal of the first comparator and the second output signal of the second comparator; wherein the first and the second comparators output the first and second output signals, respectively, when a voltage difference is detected between inputted reference voltage and the inputted output of the other end of the respective first and second capacitance element, and the polarity of the input node which receives the output of the other end of the first capacitance element in the first comparator and the polarity of the input node which receives an output of the other end of the second capacitance element in the second comparator are opposite to each other with the combination of the other elements of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
